Software Programme for Visually Handicapped

3825. SHRI B.J. PANDA: Will the Minister of COMMUNICATIONS AND INFORMATION TECHNOLOGY be pleased to state:

(a) whether any software programme has been developed for the visually impaired handicapped persons in the country;

(b) if so, the salient features thereof;

(c) the centres where such programmes are being run for the blind; and

(d) the proposed additional centres to be opened during the next five years in different parts of the country to bring hope for the blind?

THE MINISTER OF COMMUNICATIONS AND INFORMATION TECHNOLOGY (SHRI PRAMOD MAHAJAN): (a) Yes, Sir. Under a Jai Vigyan National S&T Mission project being executed by Webcl Mediatronics Ltd., Kolkata and IIT, Kharagpur, the Department of Information Technology is getting certain hardware and software developed for the benefit of the visually handicapped in the country.

(b) The following software programmes have been developed for Braille literacy in major Indian languages:

(i) Test to Braille transcription and its printing on an indigenously developed computerized Braille embosser.

(ii) Braille to Text conversion using customized keyboard.

(c) As part of this project, thirty blind schools in different parts of the country have been identified where the systems are being installed. The list of these comprising 5 Resource Centres and 25 Training Centres is given in the statement. (See below)

(d) Depending upon the feedback received from the centres already identified as per (c) above, the Government may plan additional centres.
